 (C) MAGTF CBRN operating Concept Brief
 (D) MAGRF CBRN Operating Concept
 (E) Adjudicated Comments Resolution Matrices

1. Purpose. To obtain Deputy Commandant, Combat Development signature on Tab (A).

2. Background. The enclosed tabs contain the culmination of a three-year effort by the CE Advocate-chartered NBC OAG to critically examine how the MAGTF operates in an NBC environment. Deputy Commandant, Combat Development was briefed on the key tenets of this concept by the NBC Capabilities Section, MCD during March 2004.

3. Discussion. MROC approval of the Operating Concept will initiate a series of combat development actions that will fundamentally change the Marine Corps' approach to operating in an NBC environment.

4. Recommendation. That Deputy Commandant, Combat Development sign Tab (A) and forward the package for MROC staffing.
