

MRAOG Courses of Action

- **Status Quo** – Continue dual tasking of 24th Marines HQ
 - Advantages
 - Requires no change
 - Requires no added structure
 - Disadvantages
 - Distracts CO 24th Marines on T/O mission
 - Structure not optimized to tasking
- **Create Stand Alone Capability**
 - Advantages
 - Allows development of mission-oriented, capabilities-based unit
 - Allows CO 24th Marines to focus on combat readiness of Regiment
 - Disadvantages
 - Additive force structure (people and equipment)
 - Unit of limited aggregate utility
- **Create Augmentation T/O under CO 24th Marines**
 - Advantages
 - Allows 24th Marine HQ to focus fully on Regimental readiness
 - Augmentation T/O could augment any MarFor staff (if MRAOG function is kept at MarFor staff level), or augment 24th Mar HQ (if separate command is desired)
 - Disadvantages
 - CO 24th Marines has dual focus
 - Separate MRAOG command is not available without using 24th Mar HQ
